

Melodia – a Musical Odyssey

Be a Changemaker 2022

- *touch the lives of persons with disability*

Daniella Guia Rebelo, a girl of 16, brings to you

Melodia – a musical odyssey

with the aim of raising funds to support persons with disability. Her repertoire consists of pieces from 12 different countries which she will either sing or play on the violin, piano, flute, ukulele or Celtic whistle. Accompanying her on the piano is Avinash Mario Grubb, a brilliant organist & conductor at St. Mark's Cathedral, Bangalore.

Funds raised in this manner will go to support the work of *Integrated Rural Community Development Society (IRCDS)*, a Non - Government Organization (NGO) that works with persons from socially excluded and marginalized communities. It works with persons with disabilities focusing on their Education, Health, Livelihood, Social Inclusion and Empowerment.

Through this concert we aim to touch the lives of 1,000 persons with disability!

- *Children with disabilities who never saw the portals of a school will be included in school and get a good education.*
- *Persons with disabilities who were confined to their homes will start mixing in the local community. Those requiring aids and appliances, will be provided with the same.*
- *Adults with disabilities who never worked will become earning members of society.*
- *All persons with disabilities will come together as a Disabled Persons Organization and work along with the Government, accessing the schemes available for their well being.*
- *Going a step further, persons with disabilities will join hands to bring about change in their local community – cleaning up the village, planting trees, ensuring their village has a source of water etc.*

It takes just Rs. 333 a month per person with disability to bring about the desired change!

With Rs. 40,00,000 we can run a programme for a full year!

Do help us run a programme for two years.
